York is a major user of the U. S. mails in terms of both quantity of items mailed and costs of postage. It has an interest in the classification and rate changes proposed by the Postal Service herein, and would be significantly affected by such proposed changes.

At this stage of the proceedings, York believes that the Postal Service's request for extension of the Nonletter-sized Business Reply Mail experiment, as proposed, is in accordance with the Postal Reorganization Act. York further believes that this case should be subject to the maximum expedition consistent with procedural fairness.

York requests a conference in lieu of a hearing with respect to its interests and intends to participate actively in such a conference.

Respectfully submitted,

William J. Olson
